

**Enoki
(Flammulina velutipes)**

DESCRIPTION / FLAVOR: Fragile, flower-like with long, slender stems and tiny caps, Enoki mushrooms grow in small clusters. They have a mild, light flavor with a slight crunch.

PACK SIZES: Due to their delicate nature, Enoki mushrooms are generally packaged in 3 to 5-ounce vacuum-sealed containers and are generally sold by the case with 12 to 24 containers per case.

SHELF LIFE: Enokis last for up to 14 days when properly refrigerated.
